EDITORIAL OVERVIEW MSP CHANNEL INSIGHTS

ANGEL BUSINESS COMMUNICATIONS has been a leading business to business media organisation for over 40 years, with a proud track record of national and international publication and event innovation. When it comes to the IT Channel, we are the co-developer and co-owner of the highly successful MSS series of one-day conferences, with events taking place in London, Manchester, Amsterdam, and the Nordics.

Building on the success of these events, the MSP Channel Insights publication was launched to provide a major content platform to ensure that our high-quality database of event attendees is kept informed of Channel news, service and technology developments on a continuous basis.

We do this through the digital magazine, the innovative video magazines and the website hub. All these content formats focus on the major business and technology topics which are essential reading for Channel organisations. So, whether it's the digital or video magazines, or the website, you'll find news, product launches, articles, blogs and interviews focusing on key issues

such as digital transformation, skills development, growing and evolving a channel business, the transition from VAR to MSP and the increasing importance of optimising the customer experience.

Alongside this content, you'll find plenty of technology coverage – with security, AI, IoT, storage and servers, automation, networking and telecoms, DevOps (and many other Ops!) and quantum computing being front and centre.

New for 2025, we have developed the publication database significantly, to 63,000 industry professionals – reflecting the growing importance of the Channel in terms of the overall IT supply chain.

We are confident that our innovative multimedia content platform, working alongside our successful events, provides a unique, high-quality environment - the perfect environment to ensure that your marketing message, carefully developed in partnership with MSP Channel Insights, is seen by the key Channel decision makers in the UK and further afield.

Advertorials

Information, Inspiration, and Impact!

Content is King

- **Increased brand awareness:** An advertorial allows you to showcase your company's products, services, or mission in a detailed and informative manner.
- **Credibility and trust-building:** By sharing informative and relevant content, you can establish credibility, position yourself as an industry expert, and build trust with potential customers.
- **Educational value:** By offering valuable information, insights, or tips related to your industry, you can position your company as a valuable resource.
- **Conversion and lead generation:** An advertorial can effectively drive conversions and lead generation. By including a strong call-to-action (CTA) within the advertorial, such as directing readers to visit your website, subscribe to a newsletter, or request more information.
- **Longer-lasting impact:** Advertorials often have a longer lifespan than traditional advertising. They will be featured in the publication, newsletters and online platform.
- **Differentiation from competitors:** Advertorials provide an opportunity to showcase your unique selling points, competitive advantages, or innovative solutions.

Price for 2 pages of advertorial: **£1200**

- The price allows for 900 words plus 2 images and a company logo.
- The advertorial will be run in MSP Insights magazine, website and newsletter

MSP ZOOM VIDEO INTERVIEW

As many organisations have been forced to re-focus as the pandemic disrupted so many aspects of the business world, new ideas and opportunities have come along. For MSP, one of our major new offerings, developed as a direct response to the ban on physical events, is the ZOOM video interview.

Anything from a 15 minute new product pitch, to a half an hour (or longer!), detailed exploration of a major, emerging technology trend have been produced by the MSP multimedia team. The editor asks the questions, and the end result is hosted on our dedicated YouTube channel, is heavily promoted across our multimedia platforms, and is also given to the client for their own promotional purposes.
