Editorial Viewpoint

AI revolution: The future is here

DIGITALISATION WORLD remains the leading multimedia publishing platform covering the IT industry as it continues to evolve to drive digital transformation across all industry sectors. The digital magazine, comprehensive website and the video magazines combine to provide unrivalled, comprehensive news, case studies, technology articles, opinion pieces and blogs and exclusive video interviews – offering our readership a multiple format platform, so that they can consume content in their preferred format no matter the how, the where or the when.

In 2025, we will continue to bring our readership the very latest technology and news developments across a range of technology disciplines, including, storage and servers, DevOps and apps, networks and telecoms, cybersecurity, data centre, cloud, DX and CX, IoT, automation, data analytics, IT management and service and, last but by no means least, the rapidly developing AI and ML landscape. We don't claim to have all the answers when it comes to how our readers need to build their digital infrastructure to cater for the demands of their digital customers, but we are confident that we can provide the best IT publishing platform that reflects the opportunities and challenges of the business supply chain.

We bring together vendors, consultants, analysts, the Channel and end users to provide a vital information source for those organisations and individuals wanting to understand how the IT landscape is changing, why it is changing, and how the changes can be turned from threat to opportunity.

As a way of linking vendors with their existing and potential customers, we believe that Digitalisation World is the very best digital publication platform out there. Visit our website, download our digital magazines, watch and listen to our video interviews and we're confident that you'll quickly realise how our specialised, high quality publication platform can bring a major boost to your marketing strategy.

ZOOM VIDEO INTERVIEW

AS MANY ORGANISATIONS have been forced to re-focus as the pandemic disrupted so many aspects of the business world, new ideas and opportunities have come along.

For Digitalisation World, one of our major new offerings, developed as a direct response to the ban on physical events, is the Zoom video interview.

Anything from a 15 minute new product pitch, to a half an hour (or longer!), detailed exploration of a major, emerging technology trend have been produced by the Digitalisation World multimedia team.

The editor asks the questions, and the end result is hosted on our dedicated YouTube channel, is heavily promoted across our multimedia platforms, and is also given to the client for their own promotional purposes.

15 minute ZOOM interview: **£495**

30 minute ZOOM interview: **£695**

45 minute ZOOM interview: **£895**

The ZOOM interview will be hosted on the DW website for 12 months.

Advertorials

Information, Inspiration, and Impact!

Content is King

- Increased brand awareness: An advertorial allows you to showcase your company's products, services, or mission in a detailed and informative manner.
- Credibility and trust-building: By sharing informative and relevant content, you can establish credibility, position yourself as an industry expert, and build trust with potential customers.
- Educational value: By offering valuable information, insights, or tips related to your industry, you can position your company as a valuable resource.
- Conversion and lead generation: An advertorial can effectively drive conversions and lead generation. By including a strong call-to-action (CTA) within the advertorial, such as directing readers to visit your website, subscribe to a newsletter, or request more information.
- Longer-lasting impact: Advertorials often have a longer lifespan than traditional advertising. They will be featured in the publication, newsletters and online platform.
- Differentiation from competitors: Advertorials provide an opportunity to showcase your unique selling points, competitive advantages, or innovative solutions.

Price for 2 pages of advertorial: **£1200**

- The price allows for 900 words plus 2 images and a company logo.
- The advertorial will be run in Digitalisation World magazine, website and newsletter
